**Center for Applied Energy Research**

2540 Research Park Drive  
Lexington, Kentucky 40511-8410

Dear Sir/Madam:

This letter is in support of the application of Dr. Howard C. Van Woert, Jr. for a position with you. Dr. Van Woert is an exceptionally hard worker and spends long hours in the laboratory. He is conscientious and produces results in a steady flow. He makes suggestions about research but will not be a research team leader. He is exceptionally interested in research.

Dr. Van Woert gets along well with the personnel in the laboratory. His verbal skills are excellent and he should be able to make effective lectures.

I would be glad to discuss with you his qualifications if that would be helpful.

Sincerely yours,

BURTRON H. DAVIS  
ASSOCIATE DIRECTOR
