TO WHOM IT MAY CONCERN:
Ref: Dr. Lei Zhang

It is my pleasure to write this letter of recommendation on behalf of Dr. Lei Zhang in consideration for faculty position.

I have known Dr. Zhang for over two years. He taught Electrical Circuits II with a lab during the summer of 2003 in the Department of Technology and I had a chance to monitor his teaching performance. He is highly knowledgeable in his field and has incorporated hands-on learning experiments in the classroom. Also, he is able to motivate and involve students in the learning process and desire to assist students in their time of need. He continues to be involved in research of which he has published papers and presented them.

In closing, based upon my experience, I recommend him to any potential employer. I am sure he will prove himself invaluable to any educational organization.

Please do not hesitate to contact me at (252) 335-3441 for additional information.
