Subject: the faculty position on metabolomics

Dear Prof. Brun:

I am a postdoc in Umea Univeristy Hospital, Sweden. I am interested in the faculty position on metabolomics and apply for it.

My faith comes from my rich study and research experiences on metabolomics, drug metabolism and pharmacokinetics, analytical skills, statistics and pharmaceutics. For details, my CV is available as an attachment.

Thanks for your review and considering of my application. I am looking forward to your earlier response.

Yours truly,

Jiye A
