Work Experience

01 / 2004 - 05 / 2005
Private Clinic
General Practitioner

I worked for one and a half years with a small group of general practitioners supervised by intensive care physicians, pediatricians and general surgeons. We were covering a number of clinics and an urgency center. We covered cases in emergency medicine, internal medicine, pediatrics, general surgery and trauma.

07 / 2003 - 12 / 2003

Queen Zein Al-Sharaf Hospital
General Practitioner

My work in this hospital was mainly in the floors and to a lesser extent in the emergency department. I worked in fields of internal medicine, general and orthopedic surgery and pediatrics. I gained a good experience in trauma since this hospital used to have many trauma cases.

03 / 2002 - 03 / 2003
Specialty Hospital, Amman, Jordan.
Internship

I spent one year in internship during which I had rotations in four major departments and two electives. I had a three month rotation in internal medicine and another three months in general surgery, two months in pediatrics and another two in obstetrics and gynecology and finally one month in emergency medicine and another one in radiology. My job was as a first year resident; to make admissions, follow up patients, assist in operations and make presentations and attend rounds. I also took a course for basic and advanced life support and became certified in Jordan.

Volunteer Experience

02 / 2006 -
University of Cincinnati
Clinical observer-ship

I started doing a clinical observer-ship under supervision of Dr.Komrokji in University of Cincinnati in the division of hematology and oncology of internal medicine. I took an idea about the medical care of cancer patients in the United States and I am learning more every day.

12 / 2005 - 02 / 2006
Children's Hospital, Cincinnati, OH
Clinical Observer-ship

I had a rotation in pulmonary and sleep medicine division which lasted about one month and a half, I was supervised by Dr.Mohannad Manna. During my rotation I learned much about the medical system in the United States and the care of cystic fibrosis patients.

04 / 2003 - 06 / 2003
Al Bashir Hospital, Amman, Jordan.
Emergency room resident (volunteer)

I worked as a first year emergency medicine resident in Al-Bashir Hospital which

is the oldest hospital in Jordan and has one of the best emergency rooms. I worked as a volunteer and learned many skills.
