**To whom it may concern,**

I am delighted to recommend Dr. Mohammad H. Al-Sayyed for residency program in your department. I have known Mohammad for many years. He has a very pleasant personality. He worked closely with me on two research projects where he helped in establishing and analyzing clinical data. He is very smart and has inquiring mind, and strong will to start and finish his projects in a timely manner. In addition to an excellent grasp of medical sciences Dr Al-Sayyed has very high working ethics, and as a result he earned the respect of his supervisors as well as his coworkers.

I strongly recommend him for your program and I strongly believe he will be a very good clinical practitioner and researcher, and an excellent addition to your program. If you need more information, please feel free to contact me.
