To whom it may concern:

It gives great pleasure to write this recommendation letter for Dr. Mohammad Al - Sayyed for residency.

I have known Dr. Al-Sayyed a long time ago .Dr. Al-Sayyed has outstanding background knowledge and excellent clinical skills. During his rotation with me he demonstrated a very good understanding of the pathophysiology of the disease process and applied the knowledge well to his clinical practice. He likes to learn and increase his knowledge and has a lot of commitment to good care of his patients. It was a very nice experience to have him doing an observership with me.

Mohammad also worked as a general practitioner for two years in Jordan which adds much to his clinical skills. He has high personal qualities and he is a good team player and liked by his coworkers

Dr. Al-Sayyed is a very cooperative, professional, polite and reliable person. I strongly recommend Dr. Al-Sayyed for the position without any hesitation; he will be a tremendous asset.

Sincerely,
