

I'd like to introduce myself as Sankarathi, doing research on Cx26-childhood deafness, in the department of Genetics, University of Madras. I am submitting a curriculum vitae and the summary of the doctoral work that I recently submitted. I will be very interested to work with you as a postdoctoral fellow in your esteemed lab.

I request you to consider my application for such a position.
Awaiting your positive response

Sincerely
B.M. Sankarathi
