

I was working as RESEARCH SCIENTIST (Organic Synthesis) NAVINTA LLC .EWING ,NJ USA their I develop non-infranging generic drug .

I was working as a RESEARCH OFFICER in GLENMARK PHARMACEUTICAL & RUBAMIN PHARMACEUTICAL IN INDIA .

I was working as a research officer in Multi-Chem Research Center (MRC), Baroda, from May'01 to May'02. I have also worked as a research officer in Uma Laboratory (p) Ltd, Baroda, since July'99 to April'01. In both the jobs, I have carried out synthesis, isolation, purification and characterization of various bio-active molecules (drug intermediates) like, pyrazol, Isooxazole, pyrimidine, pyridine, thiazole & benzoxazine etc, I have completed my Ph.D. programme from Sardar Patel University, Gujarat, India in Feb'99. In this programme I have carried out synthesis, isolation, purification and characterization of various di-amine.

Detailed descriptions of my work are presented in the enclosed CV for your ready perusal.

I have a strong desire to work further in the field of synthetic/bio-organic chemistry. And in attempts of my pursuit this is to explore the possibility of taking up postdoctoral research. I would be grateful to you if you could provide me an opportunity to associate myself with your research team.

Looking forward for your favorable reply,
Thanking you,

Yours Sincerely,

(Kamlesh G.Amin).
