

Your advertisement for the position of Postdoctoral Fellow caught my attention. I have more than three years of postdoctoral research experience in the area of Microbiology and Immunology. I have extensive experience in molecular biology techniques, cell culture, bone marrow culture, lentivirus transfection, infection of mammalian cells, flow cytometry, T cell assay and working on animal models, protein characterization. I am very much interested in your field of research. It would be great if you could send me more information about the position and consider my candidature for the above position. I am sending my resume as MS Word attachment. I am a permanent resident in the United States and I look forward to hear from you.

Thanking you
Sincerely
Sunil K George
