

It is a great pleasure to introduce myself. My name is V.Selvaraj. I have done my PhD. in the field of Molecular immunology in the department of molecular microbiology, school of biotechnology, Madurai Kamaraj University, Madurai. I have submitted my thesis on August 2004. Now I am waiting for my viva, also seeking a suitable postdoctoral position in the fields of immunology, cell and molecular biology. I hold 13 years of research experience in the field of cell and molecular biology and immunology. With the above reference, I would like to apply for the same post.

I would also like to mention that I have published three papers in reputed international journals and two more papers have been sent by me for publication.

I am eager to extend my research services with you in your organization if you give me an opportunity and also shall be grateful to you.

Please find attached my detailed resume for your kind perusal.

With regards

V.Selvaraj
