

Dear Prof. Bogdan Dragnea (dragnea@indiana.edu) I'm interesting in applying for Postdoctoral Position in Experimental Molecular Biochemistry, Immunobiology, Bioanalytical Chemistry and Biochemical Surface Treatment which was advertised in ScienceJobs.com. As a PHD in chemistry I developed strong interest in chemical research specially electrochemistry, physical and analytical chemistry. I have enclosed my resume for further details. I would enjoy being a part of your research team and am available for interview at your convenience. You can contact me at +(212)78258784. I look forward to hearing from you.

Sincerely
Rachida benalla

Work Eligibility: No, I am not currently in possession of a US work permit.
