TO WHOM IT MAY CONCERN

This is to certify that Shri. P. Marimuthu is personally known to me for the last two and half years since he joined research in this department under the supervision of Prof. Gurdip Singh on the topic "Chemistry and biocidal activities of essential oils and oleoresins from the spicy materials"

Shri. P. Marimuthu has published four research papers in international journals and one in national journal.

Marimuthu has brilliant academic records securing first division with high percentage of marks in all examinations. I have found him intelligent, hard working and sincere student who can work amicably in a team to the best satisfaction of his superiors. In addition, he bears a good moral character and has pleasant manners.

In my humble opinion, he will be an asset for any organization involved ⁱⁿ research and development.

I wish him success in his life.
