"How many subscribers made more than $100 worth of phone calls from Minneapolis to Chicago in November?"
"How many credit union members have written more than $1,000 worth of bad checks in any given month?"
"How many accounts have total air travel charges of more than $10,000 during the period 1990-1993? Exclude accounts that were not active for the entire period. Break the results down by state. Also give me the average airline charges for such accounts."
"How many of our chain's customers made at least one third of their purchases in a single department?"
