Web Editor Menu Demo
This is the Web Editor Menu demo file. Below are listed a few instruction that allow the user to conduct the demo. This file will be presented to the user for editing. The user is requested not to edit any of the instructions listed below.
Step 1: To invoke the Editor Menu, click on [Edit] on the navigation bar seen at the top.
Step 2: Currently only Emacs editor is operational. Click on the radio button for Emacs.
Step 3: Set the display to the machine at which the user is located.
Step 4: Click on [Submit] to invoke Emacs. Click on [Reset] to reset the selections made.
Step 5: The user is presented with a copy of the demo file called "usercopy" through Emacs. The user can edit the file "usercopy" and saveits changes.
Step 6: To VIEW the edited changes the Mosaic window provides a button for [View], Click on [View] to see the edited changes to the demo file.
Step 7: In case the Emacs editor was not invoked the Mosaic window provides a button for [Error], Click on [Error] to display the error that occurred.
