Commercialization of Technology Products

by Adam Kolawa

CEO/Chairman, ParaSoft Corporation

2500 E. Foothill Blvd, Pasadena, CA 91107–3463
(818) 792––9941, fax–0819, ukola@flea.parasoft.com

In my contribution I will concentrate on the possibilities for commercialization of two parts of the technology: 1) The Cronus Distributed Operating Enviroment 2) The software development tools ProSLCSE and Proto

I will try to base my report on the similarities and difficulties which I encountered while comercializing the ParaSoft products Express and
