The kitchen is the heart of the home

Microwave ovens, coffeemakers and food processors are standard in today's kitchens. Make sure you have enough Decora by Leviton GFCI receptacles installed in your countertops. For added comfort, install a Decora combination switch and fan speed control as well.

urniture and fixtures. A world where details play a significant role
iful. That's why decorators choose Decora by Leviton™ devices.
se sometimes overlooked decorating details. They ask their
finished look to every room.

Elegant comforts for the bathroom

Don't overlook how Decora by Leviton devices can beautify the bathroom. Install a combination switch/GFCI receptacle and you have GFCI protection and a light switch all wrapped in sleek Decora designer styling. Add a Decora timer switch for your hot tub or heat lamps and you're ready to relax and luxuriate.

Convenience

"Today's homes are built for people of all ages and abilities. I prefer to use devices that have universal design features when I'm decorating a room. Decora by Leviton switches are perfect because they're easy to use, even if a person has limited dexterity."
