Experience the Decora Difference: Decora® Wiring Devices

Decora devices are engineered for fine appearance and top performance. The Decora rocker switch mechanism operates smoothly and quietly. The highest quality materials and production methods are used to assure long, trouble-free service. Special features speed installation time. All Decora devices exceed applicable UL, NOM and CSA testing standards.

Decora® Plus

Decora Plus Commercial Specification Grade Devices combine elegance with rugged construction. These devices are ideal when both style and strength are needed for upscale commercial and residential installations.

Decora Plus also features sleek, screwless wallplates that snap into place. They can be used to retrofit any existing Decora installation and eliminate visible screwheads.

Decora Lighting Controls

The comprehensive selection of Decora Lighting and Fan Speed Controls represents Leviton's on-going commitment to lighting design.

Decora lighting controls are available for incandescent, low-voltage and fluorescent lamp types. In addition, energy-saving Occupancy Sensor Wall Switches and Decora Home Controls devices combine advanced lighting control technologies with Decora styling.

Decora Colors

Decora devices are offered in a wide range of colors and finishes, which includes Mahogany Brown, Ivory, White, Almond, Gray, Red and Ebony (Black).

A selection of metal Decora wallplates comes in aluminum, polished brass, brushed brass and satin-finish stainless steel. Clear Decora wallplates achieve a seamless finish for your elegantly papered and textured walls.
