Departure of Sang Boem Lim

Dear Housing Office,

Sang Boem Lim is a Ph.D. student working under my supervision in the University's Northeast Parallel Architecture Center. The Center will be closing imminently due to the departure of its director, Professor Geoffrey Fox, for Florida State University. To continue his studies, Sang Lim has agreed to follow Professor Fox and me to Florida.

I hope you can release him from the lease agreement covering his tenancy in Slocum Heights, the circumstances being essentially outside his control. Currently we expect to move at the end of March.

Yours sincerely,

Bryan Carpenter
